DETAILED ACTION

1. Applicant's amendment filed on February 5, 2008 has been entered and made of record.

Ex parte Quayle

2. This application is in condition for allowance except for the following formal matters:

Claims 15-20 are objected to under 37 CFR 1.75(a) for not pointing out and distinctly claiming the subject matter which the applicant regards as his invention because of following reasons:

-As to claim 15, a representative claim, the scope of the claim is unclear as to whether (i)"the correction parameter values" are used to correct the image or (ii)"the correction parameter values" correct the image. Commonly, the so called values can't correct the image, they can be used to correct the image. For examination on the merit, the examiner assumes the scope of the claim is read according to (i). If applicant believes otherwise, applicant is required to provide support and enablement. Likewise, claims 16-20 are also objected for the same reasons above.

-The recitation of "the image" recited in line 2 of claims 15-20 lacks suitable antecedent basis because it is unclear/ambiguous as to whether it is referred to "the image motion" or "the frame image".

3. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

4. A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable Subject Matter

5. Claims 1-10 and 12-14 are allowed.

6. Claims 15-20 would be allowed if rewritten to overcome the objection under rule 75 as set forth above.

7. The following is an examiner's statement of reasons for allowance:

Reference is made to applicant's argument set forth in applicant's response filed on February 5, 2008 pages 9-15 as to the reasons for allowance of claims 1-10 and 12-20.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
